APPLICATION FOR AUTHORISATION IN TERMS OF SECTION 24 OF THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, ACT 107 OF 1998 TO UNDERTAKE A LISTED ACTIVITY AS SCHEDULED IN THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014 AS AMENDED: PROPOSED PHASED DEVELOPMENT AND EXPANSION OF THE HERMITAGE PACKHOUSE FACILITIES ON PORTIONS 75 AND 84 OF FARM COMMANDO KRAAL ESTATE, NO.113, ADDO, SUNDAYS RIVER VALLEY MUNICIPALITY .

- 1) With reference to the above-mentioned application (Reference number **ECO6/C/LN1&3/M/11-2019**), please be advised that the Department has decided to grant authorisation. The Authorisation Notice and reasons for the decision are attached herewith.
- 2) In terms of Regulation 4(2) of the Environmental Impact Assessment Regulations 2014 as amended, you are instructed to notify all registered interested and affected parties, in writing and within fourteen (14) days of the date of this letter, of the Department's decision in respect of your application.
- 3) The written notification referred to above must -
 - 3.1 Specify the date on which the Environmental Authorisation was issued;
 - 3.2 Inform interested and affected parties of the appeal procedure provided for in the Appeal Regulations published in GN R993 of 8 December 2014 in terms of Section 44 read together with Section 43 of the National Environmental Management Act, Act 107 of 1998 as amended; and
 - 3.3 Advise interested and affected parties that a copy of the Environmental Authorisation and reasons for the decision will be furnished on request.
- 4) Should you decide to appeal, you must serve a copy of your appeal on all registered interested and affected parties as well as a notice indicating where, and for what period, the appeal submission will be available for inspection.
- 5) An appeal against the decision contained in this Environmental Authorisation must be submitted in writing, to the MEC for Economic Development, Environmental Affairs and Tourism (hereinafter referred to as "the MEC") in terms of Regulation 4(2) of the Appeal Regulations, 2014 and within twenty (20) days after the appellant has been notified in terms of Conditions 1 and 2 of the decision.

"Innovation for Sustainable Development"

- 6) An Appeal Submission must be made on a form obtainable from the Department Appeal Administrator and/or the Departmental website on www.dedea.gov.za or relevant Regional Office; and
- 7) The Appellant must also serve a copy of the appeal to the regional office that processed the application.
- 8) Only appeals on environmental grounds can be considered. All appeals should be accompanied by relevant supporting documentation.
- 9) The address to which the **originals** of any such an appeal and any other documents pertaining to the appeal must be mailed is outlined below. Please note that originals may also be delivered per hand or courier.

Department	Economic Development, Environmental Affairs & Tourism
Attention	General Manager: Environmental Affairs
Postal Address	Private Bag X0054, BHISHO , 5605
In order to facilitate efficient administration of appeals copies of the notice of intention to appeal and any subsequent appeal documentation must also be submitted as follows:	
Manager: Mr S. Gqalangile - Environmental Impact Management per email:	Siyabonga.Gqalangile@dedea.gov.za

- 10) In the event that an appeal is lodged with regard to this Authorisation, the listed activities described in this Authorisation may not commence prior to the resolution of the appeal and prior to the Department's written confirmation of compliance with all conditions that must be met before construction can commence, whichever event is the latter.

Environmental Authorisation

AUTHORISATION NOTICE REGISTER NUMBER	EC06/C/LN1&3/M/11-2019 ECP/EIA/0000720/2019
LAST AMENDED	Not applicable
HOLDER OF AUTHORISATION	Sundays River Citrus Company (Pty)Ltd
LOCATION OF ACTIVITY	Portion 75 & 84 of the Farm Commando Kraal No.113, Addo within the Sundays River Valley Municipality

DEFINITIONS:

The following definitions are applicable to this Environmental Authorisation:

“EIA regulations” – These are the 2014 Environmental Impact Assessment Regulations as amended and published in Government Notice R326 of 07 April 2017 in terms of Chapter 5 of the National Environmental Management Act, Act 107 of 1998 as amended.

“The Department” – The Department of Economic Development, Environmental Affairs and Tourism.

“Commencement” – Any physical activity on site that can be viewed as associated with the expansion of the Hermitage facilities as described in Section 2 of this Amendment Notice, inclusive of initial site preparation and installation / construction of ancillary infrastructure.

“EMPr” – Environmental Management Programme compiled by CEN IEM Unit titled “Final Construction and Operational Environmental Management Programme: Proposed phased development and expansion of the Hermitage Packhouse facilities on Portions 75 and 84 of the Farm Commando Kraal Estate, No. 113, Addo, Sundays River Valley Municipality, Eastern Cape” attached to the FBAR as Appendix F.

“FBAR”- Final Basic Assessment Report compiled by CEN IEM Unit titled “Final Basic Assessment Report for the Proposed phased development and expansion of the Hermitage Packhouse facilities on Portions 75 and 84 of the Farm Commando Kraal Estate, No. 113, Addo,

Sundays River Valley Municipality, Eastern Cape dated April 2019 and submitted on 23 April 2019.

1. Decision

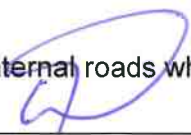

The Department is satisfied, on the basis of information available to it and subject to compliance with the conditions of this Environmental Authorisation that the applicant should be allowed to undertake the activity specified below. Details regarding the basis on which the Department reached this decision are set out in Section 4 of this Environmental Authorisation.

2. Activities and regulations for which authorisation has been granted

By virtue of the powers conferred on it by the National Environmental Management Act, Act 107 of 1998 and the NEMA Environmental Impact Assessment Regulations, 2014, as amended the Department hereby authorises **Sundays River Citrus Company (Pty)Ltd** being the legal or natural person who has applied for this Authorisation, with the following contact details:

Name	Sundays River Citrus Company (Pty)Ltd		
Address	Post Bag x 24, Addo, 6105		
Telephone	042 233 0320	Cell	083 508 7728
Contact	Mr. Etienne Greeff	E-mail	egreeff@srcc.co.za

To undertake the following activities (hereafter referred to as “the activity”), in terms of the scheduled activities listed in the table below:

Detailed description of activity
<p>The applicant intends to expand their existing Hermitage cold storage and Packhouse facility in a phased manner on Portion 75 and 84 of the farm Commando Kraal Estate No. 113, Addo within the Sundays River Valley Municipality. The construction of an additional cold storage and packhouse facility will entail:</p> <ul style="list-style-type: none">• Extension to existing fruit packhouse on Portion 75 in order to accommodate upgrading of the existing packing equipment;• Construction of a new fruit packhouse and associated hardstand and infrastructure on Portion 75;• Construction of new staff ablution and dining facilities on Portion 75;• Construction of workshops and associated parking on Portion 75;• Construction of a new cold storage on Portion 84;• Construction of a fruit despatch container park on Portion 84;• Construction of a fruit degreening facility on Portion 84;• Infilling of an existing earth-lined irrigation water storage dam on Portion 84;• Construction of internal roads; and• Loading areas <p>Access to the new cold storage facility will be gained from the existing internal roads which is accessed from the R336.</p> 

ECONOMIC DEVELOPMENT, ENVIRONMENTAL AFFAIRS AND TOURISM

CHIEF DIRECTORATE: ENVIRONMENTAL AFFAIRS

Electricity will be supplied from the existing electricity on site directly from Eskom via 22 kV overhead cables which is adequate to carry the additional load.

Water will be supplied from the existing water supply to the site.

Sewerage will be discharged into existing conservancy tanks as well as new conservancy tanks. The quantity produced during peak season, during which the fruit handling facilities are fully manned, is expected to produce a maximum of approximately 200 cubic metres of sewerage per day.

Stormwater – The bulk of the stormwater run-off in the already developed project area is channelled via both existing formal (concrete) and informal (gravel) v-drains. The system is currently functional and well maintained and is to be retained and augmented as required for the future phased development.

Listed Activities in terms of the NEMA EIA Regulations 2014, as amended (GN R. 982 of 04 December 2014) as contained in the application form:

R. 327 - Activity 8	The development and related operation of hatcheries or agri-industrial facilities outside industrial complexes where the development footprint covers an area of 2 000 square metres or more.
R. 327 - Activity 19	The infilling or depositing of any material of more than 10 cubic metres into, or the dredging, excavation, removal or moving of soil, sand, shells, shell grit, pebbles or rock of more than 10 cubic metres from a watercourse;
R. 327 - Activity 27	The clearance of an area of 1 hectares or more, but less than 20 hectares of indigenous vegetation, except where such clearance of indigenous vegetation is required for: (i) The undertaking of a linear activity (ii) Maintenance purposes undertaken in accordance with a maintenance management plan
R. 327 - Activity 43	The expansion and related operation of hatcheries or agri-industrial facilities outside industrial complexes, where the development footprint of the hatcheries or agri-industrial facilities will be increased by 2000 square metres or more
R. 327 – Activity 4	The development of a road wider than 4 metres with a reserve less than 13.5 metres. a. Eastern Cape: i. Outside urban areas: (ee) Critical biodiversity areas as identified in systematic biodiversity plans adopted by the competent authority or in bioregional plans. (gg) Areas within 10 kilometers from national parks or world heritage sites of 5km from any other protected area identified,
R. 324 - Activity 12	The clearance of an area of 300 square metres or more of indigenous vegetation except where such clearance of indigenous vegetation is required for maintenance purposes undertaken in accordance with a maintenance management plan. a. Eastern Cape ii. Within critical biodiversity areas identified in bioregional plans
R324 – Activity 15	The transformation of land bigger than 1000 square metres in size, to residential, retail, commercial, industrial or institutional use, where, such land was zoned open space, conservation, or had an equivalent zoning on or after 02 August 2010. a. Eastern Cape i. Outside urban areas

At the locality defined in the Table below, and hereafter referred to as "the property":

District	Cacadu
Municipal Area	Sundays River Valley Municipality (SRVM)
Farm Name	Farm Commando Kraal No. 113
Farm Number and Portion	No. 113, Portion 75 and RE/84
Erf Number and Township Extension or Suburb	N/A
Co-ordinates; Coordinates of points of study area. Portion 75 Portion RE/84	33°31'15.23" S; 25°40'26.05" E 33°31'26.05" S; 25°40'35.65" E
Physical address	Portion 75 & 84 of the Farm Commando Kraal No.113, Addo within the Sundays River Valley Municipality

This Environmental Authorisation is granted subject to the conditions set out below.

3. Conditions

The Department of Economic Development, Environmental Affairs and Tourism may from time to time review this Environmental Authorisation and on good grounds and after written notice to the holder thereof, suspend or amend such Environmental Authorisation.

3.1. Duration of authorisation

- 3.1.1. Expansion and construction of Hermitage cold storage and packhouse facility inclusive of the associated infrastructure as described in Section 2 of this Authorisation Notice must commence within a period of 24 (twenty-four) months from the date of issue of this Authorisation. If commencement of the activity does not occur within this period, this Environmental Authorisation lapses and a new application for Environmental Authorisation must be made in order for the activity to be undertaken.
- 3.1.2. Construction to be completed within 60 months of commencement.
- 3.1.3. Conditions relating to the operation of the project are valid in perpetuity.
- 3.1.4. An application for the amendment of the Environmental Authorisation must be submitted to the Department on condition that the Environmental Authorisation is valid on the date of receipt of such amendment application. If no request for amendment is received prior to the expiry of this Environmental Authorisation, the Environmental Authorisation will be deemed to have lapsed.
- 3.1.5. On receipt of any such application for extension, the Department reserves the right to request such information as it may deem necessary to consider the application for extension which may include but not limited to:
 - 3.1.5.1. An updated CEMP; and
 - 3.1.5.2. Such public participation process as may be deemed necessary at the time of the application for extension.

3.2. Standard conditions

ECONOMIC DEVELOPMENT, ENVIRONMENTAL AFFAIRS AND TOURISM

CHIEF DIRECTORATE: ENVIRONMENTAL AFFAIRS

- 3.2.1. Authorisation is subject to the conditions contained in this Environmental Authorisation which conditions form part of the Environmental Authorisation and are binding on the holder thereof.
- 3.2.2. This Environmental Authorisation applies only to the activities and property described therein.
- 3.2.3. This Environmental Authorisation does not negate the holder thereof of his/her responsibility to comply with any other statutory requirements that may be applicable to the undertaking of the activity.
- 3.2.4. The holder of this Environmental Authorisation shall be responsible for ensuring compliance with the conditions by any person acting on his or her behalf, including but not limited to, an agent, sub-contractor, employee or person rendering a service to the holder of this Environmental Authorisation.
- 3.2.5. Should any environmental damage be detected, that in the opinion of this Department, is the result of the development, then the applicant shall be required to make good that damage to the satisfaction of the said authority at his/her own expense.
- 3.2.6. In the event of any dispute as to what constitutes environmental damage, this Department's opinion will prevail.
- 3.2.7. This authorisation applies strictly to the project description as outlined in Section 2 of this Authorisation. Should the applicant wish to amend any component or aspect of the project hereby authorised, then approval will be required from this Department. The Department will advise what information is required as well as the process that must be followed in order to apply for an amendment to this Environmental Authorisation or, if needed, for authorisation in terms of the applicable EIA regulations promulgated in terms of the National Environmental Management Act, Act 107 of 1998.
- 3.2.8. This Environmental Authorisation is issued to the applicant described above. Should the applicant wish to transfer this Environmental Authorisation to another person (whether legal or natural), such transfer is to be affected by means of an amendment to the Environmental Authorisation. Such amendment to be applied for in terms of the relevant provisions contained in the EIA Regulations that may be applicable at the time.
- 3.2.9. This Environmental Authorisation must be made available to any interested and affected party who has registered their interest in the proposed development. The applicant is responsible for ensuring that a copy of this Environmental Authorisation is given to any such interested and affected party including the neighbouring landowners within 14 (Fourteen) days of receiving this Environmental Authorisation.
- 3.2.10. The Authorisation or certified copy therefore are to be kept on the premises and must be produced to any authorised official of the Department who requests to see it and must be made available for inspection by any employee or agent of the holder of the authorisation who works or undertakes work at the property
- 3.2.11. Where any of the applicant's contact details change, including the name of the responsible person, the physical or postal address and/or telephonic details, the applicant must notify the Department as soon as the new details become known to the applicant.
- 3.2.12. In all cases, the holder of the Environmental Authorisation must notify the Department, in writing, within 30 days if a condition of this authorisation is not adhered to. Any notification in terms of this condition must be accompanied by reasons for the non-compliance.
- 3.2.13. Non-compliance with a condition of this Environmental Authorisation may result in criminal prosecution or other actions provided for in the National Environmental Management Act, Act 107 of 1998 and the regulations.

3.3. Project - specific conditions

- 3.3.1. Fourteen days written notice must be given to the Department that the activity will commence. Commencement for the purposes of this condition includes site preparation. The notice must include a date on which it is anticipated that the activity will commence.
- 3.3.2. Any recommendations / mitigatory measures contained in the FBAR and its appendixes and not explicitly covered under the conditions contained in this the Environmental Authorisation, are regarded as conditions in terms of this the Environmental Authorisation. In the event that any such recommendation / mitigatory measure is contradictory to a condition contained in this Environmental Authorisation, such condition will be deemed to take precedence.
- 3.3.3. The facilities to be constructed on the site to be in accordance with the facility illustrations contained in Appendix C of the FBAR.
- 3.3.4. The Environmental Management Programme (EMPr) contained in the FBAR as Appendix F is hereby approved and must be implemented for the various phases of the development inclusive of construction, operation and decommissioning.
- 3.3.5. An Environmental Control Officer to be appointed to oversee implementation of the construction component of the EMPr as well as adherence to the conditions contained within this Environmental Authorisation.
- 3.3.6. Further to Condition 3.3.5 the Environmental Control Officer to be appointed prior to the commencement of construction and the name and contact details of the ECO to be submitted to the Department once appointed.
- 3.3.7. The ECO to remain employed until all rehabilitation measures as required as a result of any damage during construction, are completed and operations commences.
- 3.3.8. The ECO are amongst others responsible for the following;
 - 3.3.8.1. To compile a list of all conditions as contained in the Environmental Authorisation for inclusion in the EMPr;
 - 3.3.8.2. To monitor compliance with the conditions referenced in Condition 3.3.8.1 as well as the requirements of the EMPr;
 - 3.3.8.3. To keep record of all activities on site, problems identified, transgressions noted as well as a schedule of tasks undertaken by the ECO;
 - 3.3.8.4. To keep and maintain a detailed incident and complaints register (inclusive of any spillages of hazardous substances and other materials) indicating how these issues were addressed (including any rehabilitation measures implemented) and preventative measures implemented to avoid re-occurrence of such incidents;
 - 3.3.8.5. To keep copies of all reports submitted to the Department on site;
 - 3.3.8.6. To obtain and keep record of all documentation, permits, licences and authorisations relevant to the project on site;
- 3.3.9. The construction phase to be audited on an ongoing basis by the ECO. The findings of such audits are to be consolidated and submitted to this Department on a quarterly basis and a final post construction audit to be conducted and submitted to this Department within three months of the completion of construction.

- 3.3.10. The construction site must be clearly demarcated and all construction activities to be confined to the area so demarcated inclusive of the storage of any construction material.
- 3.3.11. Any construction camp site or laydown area required to be located on the property and the location thereof to be determined in conjunction with the ECO.
- 3.3.12. All sand, gravel, stone or other building material to be used are to be obtained from a bona fide source and the building contractor is not allowed to source any such material from the surrounding environment.
- 3.3.13. All disturbed areas that will not form part of the final development footprint must be rehabilitated with indigenous vegetation in a progressive manner and vegetated where possible.
- 3.3.14. Excavated soil must be stockpiled for use during rehabilitation. Care must be taken not to mix topsoil with subsoil.
- 3.3.15. The South African Heritage Resources Agency (SAHRA) must be contacted immediately should any archaeological findings be discovered during the course of the development.
- 3.3.16. Notwithstanding the provisions of any of these conditions, all recommendations, guidelines and standard conditions contained in the FBAR must be adhered to.
- 3.3.17. Sundays River Citrus Company (Pty) Ltd must appoint / designate a person that will be responsible for ensuring that the operational aspects contained in the EMPr is implemented and strictly adhered to (inclusive of the relevant conditions contained within this Environmental Authorisation) during the operational life time of the project.
- 3.3.18. **Sundays River Citrus Company (Pty) Ltd** will be held liable in the event of non-compliance by any contractor associated with this activity.
- 3.3.19. Non-compliance with any stipulation in the CEMPr will be regarded as non-compliance in terms of this Environmental Authorisation.
- 3.3.20. Prior to decommission of all or part of the operations the applicant must submit a decommissioning plan to DEDEAT.
- 3.3.21. All decommissioned areas must be left in a state that is equal to or better than the original environment.

4. Reasons for Decision

4.1. Information considered in making the decision

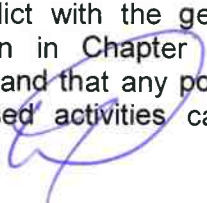

In reaching its decision, the Department took, *inter alia*, the following into consideration:

4.1.1. The information contained in the following documentation:

- New Application form dated 31 January 2019 and received on 04 March 2019;
- Final Basic Assessment Report compiled by CEN IEM Unit titled "Final Basic Assessment Report for the Proposed phased development and expansion of the Hermitage Packhouse facilities on Portions 75 and 84 of the Farm Commando Kraal Estate, No. 113, Addo, Sundays River Valley Municipality, Eastern Cape dated April 2019 and submitted on 23 April 2019.

- 4.1.2. The EIA regulations of 2014, as amended and the objectives and requirements of relevant legislation, policies and guidelines, including Section 2 of the National Environmental Management Act, Act 107 of 1998.

4.2 Key factors considered in making the decision

- 4.2.1 The Department issued an Environmental Authorisation and Amendment Notice to Environmental Authorisation on 26 May 2005 and 24 November 2017 respectively to SRCC expand their existing Hermitage cold storage on Portion 84 of the farm Commando Kraal Estate No. 113. This application is to provide for the expansion of this cold storage and packhouse facility by the construction of an additional cold storage and fruit packhouse facility immediately north west and south east of the existing facility on the same property being Portion 75 & 84.
- 4.2.2 The site is currently zoned for industrial use and forms part of a bigger agri-industrial node at Hermitage that includes the Sundays River Citrus Company Packhouse. As such the expansion of the existing cold storage facilities and fruit packhouse facility are in keeping with the land use rights associated with the property and also fits in with the surrounding land uses.
- 4.2.3 The site where the additional cold storage facility and packhouse facility will be constructed has been irreversibly transformed by previous land use practices that included agricultural activities. It is furthermore wholly contained within the existing perimeter fence of the existing Addo Cold Storage Facility. In this regard any impacts on biodiversity will be negligible.
- 4.2.3. Although impacts on the natural environment will be unavoidable, the main impacts will manifest itself during the construction phase. The significance of these impacts will be low if the conditions contained within this the Environmental Authorisation (inclusive of the requirements of the EMPr) are adhered to and all the stipulated mitigatory measures are implemented.
- Furthermore, management of impacts associated with the operational phase are addressed in the operational component of the EMPr.
- 4.2.4. No fatal flaws were discovered during the process followed for the amendment application and from an environmental perspective there is nothing that would preclude the issuing of amendment to the Environmental Authorisation.
- 4.2.2 The proposed expansion of the cold storage facility has been advertised and no objections were lodged against the proposed activity.
- 4.2.3 The proposed development will result in a number of new employment opportunities during construction and operational phase. It is anticipated that labour will be sourced from the local communities.
- 4.2.4 In general, the environmental process followed is deemed to be satisfactory. It is the opinion of the Department that the information at hand is sufficient and adequate to make an informed decision on the application for amendment. In this regard the Department is satisfied that, subject to compliance with the conditions contained in this Environmental Authorisation, the proposed activity will not conflict with the general objectives of integrated environmental management laid down in Chapter 5 of the National Environmental Management Act, Act 107 of 1998, and that any potentially detrimental environmental impacts resulting from the proposed activities can be mitigated to acceptable levels.
- 

5. Appeal of authorisation

- 5.1 In terms of Regulation 4(2) of the Environmental Impact Assessment Regulations, 2014 as amended, you are instructed to notify all registered interested and affected parties, in writing and within 14 (fourteen) calendar days of the date of this letter, of the Department’s decision in respect of your application.
- 5.2 The written notification referred to in Condition 5.1 above must:
 - 5.2.1 Specify the date on which the Authorisation was issued;
 - 5.2.2 Inform interested and affected parties of the appeal procedure provided for in the Appeal Regulations published in GN R993 of 8 December 2014 as amended in terms of Section 44 read together with Section 43 of the National Environmental Management Act, Act 107 of 1998 as amended; and
 - 5.2.3 Advise interested and affected parties that a copy of the Environmental Authorisation and reasons for the decision will be furnished on request.
- 5.3 Any appeal against the decision contained in this Authorisation must be addressed in writing, to the MEC for Economic Development, Environmental Affairs & Tourism (hereinafter referred to as “the MEC”) in terms of Regulation 4(1) of the NEMA Appeal Regulations 2014 and within 20 (twenty) days after the appellant has been notified in terms of paragraphs 5.1 and 5.2 of the decision.
- 5.4 “An Appeal Submission must be made on a form obtainable from the Department Appeal Administrator and/or the Departmental website on www.dedea.gov.za or relevant Regional Office; and

Only appeals on environmental grounds can be considered. All appeals should be accompanied by relevant supporting documentation.

- 5.5 The Appellant must also serve a copy of the appeal to the regional office that processed the application.”
- 5.6 The address to which the **original** of any appeal and any other documents pertaining to the appeal must be mailed is outlined below. Please note that originals may also be delivered per hand or courier.

Department	Economic Development, Environmental Affairs and Tourism
Attention	General Manager: Environmental Affairs
Postal Address	Private Bag X0054, BHISHO , 5605
In order to facilitate efficient administration of appeals <u>copies</u> of any appeal and supporting documentation must also be submitted as follows:	
Manager Environmental Affairs: Mr S. Gqalangile per email:	Siyabonga.Gqalangile@dedea.gov.za

- 5.6. In the event that an appeal is lodged with regard to this Authorisation, the listed activities described in this Authorisation may not commence prior to the resolution of the appeal and
